

Morgan Oxford Group

Website Architecture & Content Migration Brief

Phase 1 — Schools + Universities · Group expansion under R&M Education Group

Prepared by Slate Labs · 10 June 2026 · Companion to invoice SL-INV-2026-005

1. Context & Scope

Morgan Oxford is moving from a single consultancy website into a multi-brand education group sitting under a new parent, R&M Education Group. This engagement covers three new builds plus a remodel of the existing site. This round prioritises the two revenue-driving subsidiary sites; the parent and the institutional arm follow in later phases.

What we build now (Phase 1)

- **Morgan Oxford Education (Schools)** — stays on the existing morganoxfordeducation.co.uk domain. The domain keeps the schools brand because the name is the schools brand.
- **HorizonPath Education (Universities)** — a brand-new build on a new domain.

Parked for later

- **EduStruct Advisory (HR & Recruitment)** — the institutional / recruitment site. Phase 2.
- **R&M Education Group (Parent)** — the authority hub. Deferred, on its own new domain. The existing site is remodelled into this later, so group-level content must be parked, not deleted.

The development team already has the existing build, so they map the actual copy against the structure defined here. This brief defines where everything goes; the team does the literal section-by-section sort against the live build.

2. Group Structure at a Glance

Entity	Role / Division	Status in this engagement
R&M Education Group	Parent — authority hub	Deferred · new domain
Morgan Oxford Education	Schools — K-12, boarding, pathways, sports	Build now (Phase 1) · .co.uk
HorizonPath Education	Universities — UG/PG, ESL, short courses	Build now (Phase 1) · new domain
AthleteX Pathways	Sports & study — sub-brand	Section within Schools
EduStruct Advisory	HR, recruitment, institutional expansion	Phase 2
EduVoyage International	(was short courses / ESL)	Dissolved · absorbed into Universities

3. Shared Brand System — the Connective Tissue

Each site looks distinct via its own colour and type skin, but every site is structurally identical and visibly part of one family. Non-negotiables across all builds:

- Every site carries the line “A subsidiary of R&M Education Group.” (or whatever the parent company will be called)
- Shared logo system — consistent icon + wordmark treatment across all entities.
- Shared design grid and layout framework — same skeleton, different skin.
- ICEF accreditation is a shared credibility asset — display it on every subsidiary site, not just one.

Morgan Oxford Education – Schools

Domain	morganoxfordeducation.co.uk (existing — retained)
Colours	Royal blue · white · subtle gold
Type	Group system (serif + clean sans-serif pairing)
Tone	Reassuring, parent-focused, structured
Audience	Parents · schools · student-athletes · ages 8–18
Tagline	"Guiding Young Minds to World-Class Schools"
Visual cues	Students in uniform · boarding environments · academic excellence

Page architecture

Page	Sections & content
Home	Hero value proposition · audience routing ("I'm a parent" / "I'm a student-athlete") · trust indicators (ICEF, partners, success stats)
Services	K-12 placement · boarding placement · pathway placement · summer & winter schools · student exchange programmes
AthleteX Pathways	Dedicated sub-section, black/red skin — football, basketball, tennis, swimming pathways · scholarships & scouting
Destinations	UK · USA · Canada (and beyond) for school placements
Success Stories	Placement outcomes · parent and student testimonials
Process	Step-by-step placement journey
Contact / Enquiry	Routed enquiry form

AthleteX Pathways — note

AthleteX nests inside Schools as a sub-brand with its own black / red / metallic skin, but still sits under Morgan Oxford and the R&M line. Tagline: "Where Talent Meets Opportunity." It straddles school-age and university scholarships — for now it lives under Schools; a standalone domain could be wanted long-term.

HorizonPath Education – Universities

Domain	New domain — to confirm
Colours	Deep blue · teal or silver
Type	Group system (serif + clean sans-serif pairing)
Tone	Aspirational, forward-looking
Audience	Ages 16+ · graduates · professionals · international students
Tagline	"Your Bridge to Global Universities"
Visual cues	Graduation imagery · international campuses · career pathways

Page architecture

Page	Sections & content
Home	Value proposition · destination countries · CTA "Start Your Application"
Services	Undergraduate · postgraduate · foundation · transfer admissions — plus the absorbed EduVoyage scope: ESL programmes, short courses, professional certifications, study-abroad consulting
Destinations	UK · Canada · USA · Europe
Success Stories	Student testimonials · case studies
Process / Apply	Step-by-step application journey
Contact / Apply Now	Routed application + enquiry

Absorbed scope — note

EduVoyage is dissolved. Its ESL, short courses and summer/short programmes now live here under Universities. Watch-item: any youth summer-camp content aimed at the 8–18 cohort belongs on Schools, not here — separate it during the copy sort.

6. Content Migration Logic

The team has the existing build. Sort its current copy into the new homes using these rules:

Current content on the build	Destination
School / boarding / K-12 / younger-cohort copy	Morgan Oxford (Schools)
University / admissions / older-cohort copy	HorizonPath Education (Universities)
ESL · short courses · study-abroad copy	HorizonPath Education (Universities)
Institutional · representation · “career” · B2B copy	Hold for EduStruct (Phase 2)
Group-level “about us / who we are / footprint / mission”	Hold for R&M parent — do not delete (there will also be an about page for each website that will be a smaller, specific version)
ICEF accreditation & trust stats	Shared — replicate on every site

Watch items

- Youth summer-camp copy (8–18) → Schools, despite the general “summer → Universities” rule.
- Don’t delete group-level copy during the remodel — park it for the parent build.
- ICEF and trust badges are not a “move once” item — they’re shared across every site.
